About Us

My Rich Dad's Academy (MRDA School) established in the year 2009 is an ICSE day cum boarding school upto class Xth. It is located on the outskirts of Jalna city, 45 kms from Aurangabad airport.[Maharashtra].

It is spread over 23 acres of green land on the banks of river Kundalika. The school has state of art infrastructure and a homely hostel environment which encourages sports and extra curricular activities along with academics.

'Rich Dad' in the school's name signifies 'God / Cosmic Intelligence/ Our Source.

Chairperson's Message

Ishwari Chavan

International Licensed Teacher of 'Heal Your Life' workshops.

Certified Counselor for 'Teen Empowerment.'

LIFE COACH.

At MRDA our focus is on nurturing the mind set of a 'Compassionate Wealth Creator' along with Academic Excellence.

Our endeavor is to nurture HABITS that could lead to discovering our Bliss and Fulfillment by cultivating an environment and culture conducive to building a strong self image full of confidence.

Wherein our students acquire:

- The habits of academic excellence,
- The habits of happiness & abundance,
- The habits of fulfilling relationships,
- The habits of wealth creators,
- The habits of a spiritually balanced person.

In our association, every child gets the benefits of a ICSE school besides core values of life, uniqueness of character, abundant pleasure and sound personality which are of course, rare indeed elsewhere.

Our Mission

MRDA has been established with a purpose

“To Nurture the Mindset of a Compassionate Wealth Creator.”

We believe that every student's 'SEED' is Unique. MRDA helps them to blossom into their unique personalities combined with a 'Mindset of a Compassionate Wealth Creator', thereby gifting the world with a Healthy, Wealthy, Loving, Blissful and Spiritual Human being.

EUROKIDS ADVANTAGES

Our Wellness program initiates health check-ups for 4 parameters, paediatric, ENT, Dental & Eyesight. Parents are given Report Cards with comments & feedback that helps to access health of the kids.

Speech, Pronunciation, Expression, Application and Knowledge is a phonic based language program which helps your child learn language with emphasis on pronunciation, diction and proficiency.

Our EuroMusic curriculum aims to provide age-appropriate musical experiences that help your child discover and develop an ear for music.

EuroGym is India's first specialized children's gym that provides quality fitness training to children. It includes a healthy dose of running, jumping and movement to keep your child active.

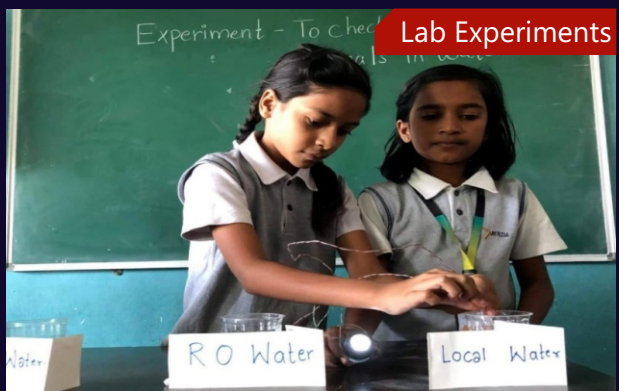

This unique program uses technology and digital aids to provide curriculum in the form of interactive animated games, stories and videos that enhance learning abilities within children.

A toy library, which gives your child access to select international learning toys. These toys are age-appropriate and enable multiple skill development in your child.

Academics @MRDA

- Learning at MRDA is interactive and participative, that is not confined to four walls of the classroom.
- We believe that a committed and knowledgeable faculty is the backbone of successful delivery of education to children
- Several value-added activities/experiences are planned to achieve this.
- An optimum student strength is maintained in the class.
- Class rooms are equipped with AV facilities.
- Class rooms have private gardens for class activities.

Advantages of ICSE Board

- > ICSE syllabus facilitates a **application based** in-depth understanding there by making the **conceptual base very strong**.
- > Instead of Maths & Science, students can opt for **Business studies, Economics, Arts, etc** for **class X boards**.
- > ICSE students **score higher in all national and international entrance exams**.
- > ICSE is well recognised board globally and **MRDA** has produced **100% results** till date.

Stages of Teaching

Curiosity

Curiosity is an aspect of intrinsic motivation that has enormous potential to enrich student learning.

Enjoyment

After generating curiosity, we make learning process enjoyable for students.

Focus

Curiosity and enjoyment gives motivation towards learning.

Our curriculum is based on engaging, learning, enabling mind to observe, analyse and learn. New age curriculum is also an appealing part of our strategies. Usage of the Apple digital tools by fun filled activities make mind more active and help learn the simplest to toughest equations with an ease. We create a space where the minds get free imagination.

WE ARE PASSION BUILDERS

Students Speak

Rohit

My journey with MRDA started when I was in Grade VI, it was indeed a turning point of my life towards achieving my goals. The ICSE pattern of the school and the knowledgeable teachers completely changed my perspective towards education. Today I am in KEM Medical college, Mumbai - one of the best medical science institutes, all because of my strong foundation laid by MRDA.

Tarun

I was a boarder at MRDA & loved every bit of my stay there. How can I ever forget our chairperson Isha mam's words that transformed me inside out: "Tarun, you are just an evening away from greatness." There was no looking back for me then on. I went on to become the best student in academics & sports.

Ashish

I still remember the day when I stepped in MRDA as a student of Class 3 that time and was completely left mesmerised with the lush green school campus!! Over the eight years, I have not just been able to excel in academics but also inculcate the much needed moral values. Being in an ICSE school definitely helped me develop my English language skills and conceptual understanding.

Parents Speak

Mrs. Amita Saboo

"My son Safal was very shy and reserved. But the opportunities provided by MRDA like encouraging students to give project presentations & organising carnival like functions by themselves, transform him into a good communicator & has increased his confidence level."

Mrs. Rakhi Otewani

"My son Dhariya, Grade 2, is doing very good in his studies & has shown drastic change in academics after joining MRDA & all credit goes to his teachers."

Mrs. Swati Lunia

"I am very happy & satisfied with the overall development of my child, Dhvani, Grade 4. Even my elder son could do well in his board examination, due to personal attention given to each & every child by the teachers & special mentoring by the chairperson."

A Bright Future Awaits Your Child

Boarding Life @MRDA

Boarding is an opportunity for students to learn a number of life skills while having access to a high-quality education.

MRDA offers boarding from class 3 onward with twin/triple sharing attached bath & toilets and 24x7 security.

Pure vegetarian food is provided.

Vegetables, cereals and wheat are organically cultivated on our campus which adds value to our homely nutritious food.

Parent teacher meetings, parent visit days and monthly home going are all salient features of MRDA boarding. This helps the boarder to maintain his emotional stability and touch with his family.

Specially designed study hours under the able guidance of teachers, scheduled morning PT and meditation, number of outdoor and indoor games, fun filled weekend routine, evening prayer session and personality development programmes add to the uniqueness of MRDA boarding.

The Chairperson is herself personally involved in the day to day activities of the school. Her being an International licensed trainer for 'Heal Your Life', a certified 'Teen Empowerment coach', and a certified 'LIFE Coach', definitely is a unique blessing for the boarders at MRDA.

Boarding school environment in MRDA provides an ideal place where MRDA's mission of 'Nurturing Mindsets of Compassionate Wealth Creators' could be successfully accomplished.

Sports @ MRDA

Sports are compulsory in MRDA.

The focus of sporting activities at MRDA is to develop leadership, team building skills, a winner's attitude, sportsmanship and achieve physical fitness. Students participate in the sports regardless of their athletic ability. Life skills such as goal setting, persistence, teamwork, perseverance and character development invariably get transferred from sport to academics, family life, and work.

MRDA has specialised coaches, grounds and infrastructure and offers the following sports: Skating, Roll ball, Athletics, Cricket, Basketball, Football, Volleyball, Yoga, Baseball, Karate and many rural games. Table Tennis, Chess, Carom, etc. are offered as Indoor activities.

Roll Ball Champs

Self Mastery

Academic Benefits of Sports

Numerous studies have demonstrated positive effects of playing sport on academic achievement, on a major part because of the positive influence of identity formation and emotional development due to sports. Sports that involve aiming and hitting skills, for example, table tennis, badminton and karate help them to increase focus. Whereas other team games help to develop leadership qualities and foster team spirit in kids. Winning and losing in sports exposes children to both aspects of life, success and failure, and prepares them to accept both whole heartedly.

Abundance Mindset @ MRDA

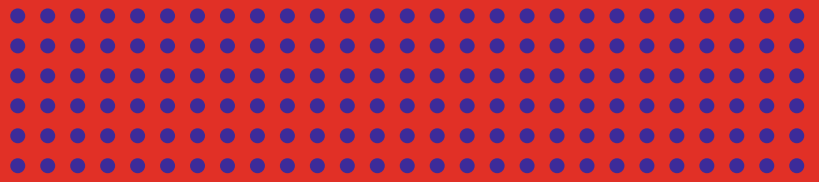

Abundance Mindset building classes cater to :

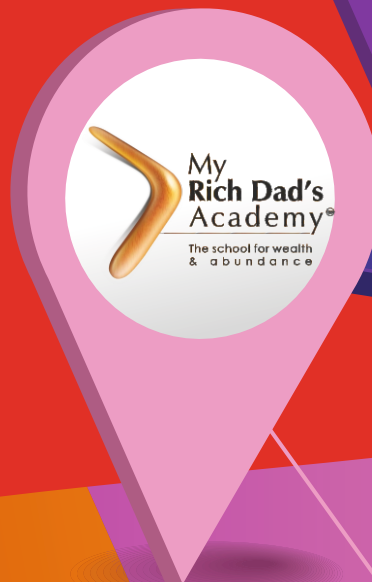

- Nurturing of all the habits required for bliss & abundance.
- Effectiveness in dealing with people,
- Encouraging leadership & teamwork,
- Developing a strong positive self image.
- Believing in ones uniqueness.

While enjoying the above classes, children subconsciously ponder on their unique talents which help them to choose the right profession.
